# What's for you at this seminar?

## Introductory Talks

Introductory talks offer you an opportunity to find out more about various natural healing modalities. Health professionals introduce highlights of their subject in a concise and practical way using power point presentations and other presentation tools.

## Educational Workshops

Educational workshops and special courses provide opportunities to develop skills in natural healing sciences. With these programs individuals may develop or sharpen their talents and expand their expertise. Our aim is to deliver an exciting and relevant education with well experienced and certified teachers. You have a chance to choose and learn from a variety of topics that include Ayurveda, Gem Therapy, Unani Medicine, Homeopathy, Aromatherapy, Reiki, Yoga, Pranayama, Healing Power of Herbs and Acupuncture among others.

## Stories from the heart

Share your experiences with natural healing methods and how they have changed your life and outlook. If you have an important story that could help others and would like to share it at the event, please write to us at [info@ircns.org](mailto:info@ircns.org)

## Roundtables

Enjoy small-group wellness discussions led by health practitioners. Exchange ideas, and share your experiences with others.

## Ask the Expert

This is an open forum where we invite experienced medical specialists on stage as our panelists. You have a chance to ask them any question regarding wellness and get their views.

## Youth, Young Adult and Family Program

Parents and children, enjoy your health journey together by participating in lively workshops for the entire family as well as fulfilled enlightening activities!

## Creative Arts

Watch young talent perform live onstage!

### Tourism Authority of Thailand

*"An event of this stature would have vast significance for our country and the region in terms of potential for related parties of both the public and private sectors within the medical field to obtain up-to date knowledge and expertise from participating keynote speakers and delegates. The various workshops would also prove beneficial and generate increased response rates for participation resulting in greater understanding about alternative forms of medicine."*

### World Health Organization

*"I am glad that the World Congress of Holistic Medicine taking place in Chiangmai from 23 to 25 April 2004 will discuss various aspects influencing our health. I wish you a successful deliberation and looking forward to the fruitful outcomes of the congress."*
